Alternatives and Collaboration:

Alternatives to Naturopathic Medicine include declining such care and consulting with others such as an MD, DO, DC or DNP. Naturopathic Medicine is not a substitute for other types of health care and we encourage you to seek second opinions, have a relationship with an MD or DO, to communicate with all your providers about the care recommended in our office, and to authorize us to attempt to collaborate with your other providers. If applicable, please identify the provider(s) with whom we should attempt to collaborate:
